

## **Stow-and-Go with Lincoln Electric's Traditional Welding Gear Ready-Pak®** Durable Duffle Bag Stores and Transports Welding Apparel and Accessories

**Cleveland** – Misplaced welding gear is a thing of the past, thanks to [Lincoln Electric's Traditional Welding Gear Ready-Pak®](#). This new duffle bag not only combats clutter but also comes fully stocked with important [personal protection equipment](#), ideal for any welding expert.

With generous dimensions and three exterior pockets, the new bag can be filled to the brim with [welding gear](#) and after-work street clothes. A four inch carabiner is included, allowing welders to strap their [VIKING™](#) welding helmet outside of the bag, leaving even more room for contents inside. A padded shoulder strap can be adjusted for added comfort. Constructed with rugged 1680 Denier® fabric, the durable bag is designed to resist workplace wear and abrasion.

The new Traditional Welding Gear Ready-Pak is sold in sized packages, ranging from Medium to 2XL. Select the appropriate size to obtain all of the following items:

- Industrial duffle bag
- VIKING 1840 Series Black variable shade 9-13 helmet
- Traditional FR (Flame Resistant) cloth jacket (M-2XL)
- Traditional MIG / Stick welding gloves
- Full leather Steel Worker™ gloves (M-2XL)
- Lincoln Electric Starlite® safety glasses
- FR (Flame Resistant) doo-rag

Already own the gear? Purchase the industrial duffle bag separately to organize and tote gear from home to work to after-work activities.

For more information on Lincoln Electric's Traditional Welding Gear Ready-Pak, call (888) 355-3213 or visit [www.lincolnelectric.com](http://www.lincolnelectric.com) to obtain bulletin MC11-76.

The Lincoln Electric Company, headquartered in Cleveland, Ohio, is the world leader in the design, development and manufacture of arc welding products, robotic arc welding systems, fume control systems, plasma and oxyfuel cutting equipment and has a leading global position in the brazing and soldering alloys market.
